Pfeiffer Treatment Center Opens Center for Alzheimer's Care

WARRENVILLE, IL. September 29th – Pfeiffer Treatment Center proudly announces that it has opened the Pfeiffer Center for Alzheimer's care in Illinois.

The Pfeiffer Treatment Center is devoted to providing revolutionary therapies to patients experiencing early stage Alzheimer's or individuals with a family history of Alzheimer's who desire to address the eventual onset of this disease.

"Pfeiffer has consistently been a source of hope for those with Autism Spectrum Disorder and Attention Deficit Disorder, clearly we are very excited that the Pfeiffer approach is now available to the Alzheimer's community." says Scott Filer, Executive Director of Pfeiffer Treatment Center.

Pfeiffer Treatment Center is a premier provider of a drug-free method that addresses the underlying physiological causes of symptoms associated with cognitive loss, early stage Alzheimer's, Schizophrenia, ADHD and Autism. Recognized by patients and medical professionals worldwide, Pfeiffer's cutting-edge research and innovative treatments restore hope to children, teens and adults who suffer from these disorders.
